AWARD FOR OUTSTANDING PROJECT MANAGER 2020

The Society is pleased to announce the launch of the search for the Outstanding Project Manager 2020. This Award aims to highlight the multi-faceted leadership role of a Project Manager. Apart from meeting the many project objectives of the client, the Project Manager has to be knowledgeable in design and construction matters and uphold a high standard of professionalism to earn the respect of all parties in a project.

A proficient Project Manager is a valuable asset to the organization and the Built Environment and should be encouraged with due recognition for the contribution towards realizing our built environment. Through this award, the Society hopes to inspire the growing pool of Project Managers in Singapore to raise their level of professional practice and provide even better service in their work with consultants, client and contractor.

This award is aimed at recognizing a Project Manager's significant achievements in the Built Environment over the past years. These achievements could be in any one or a combination of the following aspects:

- (a) exceptional level of service provided for projects undertaken;
- (b) special project management expertise employed for projects which have a significant impact on the built environment in Singapore;
- (c) professional project management practices in dealings with other parties of project team;
- (d) Innovative project management approaches or ideas, which contribute to the advancement for the profession or the industry.
